### NAVFACENCOM, SWDIV AWARDS A&P DESIGN BUILD CONTRACT

- *A&P tasked to design and build state of the art anti-terror/force protection perimeter* •

The Naval Facilities Engineering Command (Southwest Division) has selected A&P to perform a 100% design build contract to replace and upgrade perimeter fencing and access points at a Naval installation. The new fencing and gates will comply with all recent Anti-terror/Force Protection requirements instituted by the Department of Defense. If you have an upcoming AT/FP project, contact us today and we will be happy to discuss the new requirements and the benefits and features of completing a design/build project under the Section 8(a) program with A&P.
